process

WHAT WE WILL BUILD

This mentorship is designed for individuals across any domain who want clarity, direction, and a structured path toward meaningful outcomes. Whether you are a student, working professional, or someone transitioning careers, this program adapts to your context instead of forcing a generic framework.

- Process Flow
- Knowledge Base
- Schedules
- Habits
- Folios
- Attitudes

FLOW

1. **Initial Conversation** - A short call to understand your current situation, goals, and expectations from the mentorship.
2. **Assessment Review** of your existing work, skills, and thinking approach to identify gaps and opportunities.
3. **Direction Setting** - Defining a clear path based on your goals - what to focus on, what to ignore, and how to move forward.
4. **Structured Sessions** focused on problem-solving, feedback, and practical improvements.
5. **Iteration and Feedback** - Continuous review of your work with actionable feedback to refine your output and thinking.
6. **Real-world Application** - Applying learnings to actual projects, case studies, or portfolio pieces.
7. **Positioning and Portfolio** - Shaping your portfolio, narrative, and positioning for career growth or transitions. Job / Client Communication.

Commitment and Fee

The mentorship is a paid 1:1 engagement to ensure your commitment and value to time.

Initial 1-month fee: ₹10,000. Payment is to be made in advance (after the initial discussion, if you want to continue)

Further continuation depends on the scope, duration, and level of involvement required, and will be discussed after the initial phase.

If you wish to continue after the initial discussion session, you can make the payment to initiate the 1:1 mentorship program. You will receive a digital welcome kit to setup your productivity ecosystem and a custom-schedule for your growth plan throughout the mentorship.
